

AquaVac®

ROBOTIC POOL CLEANER

Less Energy.
More Clean.

Features of the Hayward® AquaVac® robotic in-ground cleaner:

- Calculates the size of the pool and programs itself into the most time and energy-efficient pattern for a spotless pool
- First portable robot cleaner to feature a reinforced cartridge filter element
- Powerful on-board pump sucks up dirt and debris while roving the pool bottom, walls and steps
- 24 V motor is safer, uses less energy and provides the most efficient vacuum strength when compared to other cleaners

Dirt and debris won't know what hit them.

AquaVac™ by Hayward® is the most advanced portable pool cleaner made. So advanced in fact, that it determines the size of the pool and then programs itself for the most energy-efficient pattern to round up dirt and debris in the quickest time.

- AquaVac by Hayward is now available with wireless remote control
- Includes one of the best warranties in its class

AquaVac by Hayward	
Work Cycle	3 hours
Motor Unit	24 V/3.5 amps
Filter Area	1,000 inches ² unit
