PREMIUM PRODUCTS

LONGER WARRANTIES

ONLY FROM POOL PROS

**HAYWARD**®

**PUMP UP THE ENERGY SAVINGS.**

Enjoy unparalleled energy efficiency with our extended selection of Expert Line pumps. TriStar VS 900 saves up to 90% on energy costs, while TriStar VS 950 offers the same savings plus added power for larger pools. MaxFlo VS 500 is an attractive upgrade for basic 230V or 115V single-speed pumps, and all Expert Line pumps feature a Viton® seal for added durability.

**THE COST-EFFICIENT WAY TO KEEP YOUR POOL WARM.**

The Summit XL heat pump quietly and efficiently maintains a pre-set temperature so that your pool is always ready to enjoy. Hayward's AHRI-certified heat pump technology ensures superior value, reliability and efficiency, reducing energy consumption season after season.

**SOFTER, SAFER WATER WITHOUT HARSH CHEMICALS.**

Salt chlorination creates the softest, silkiest water you've ever experienced, and our easy-to-install AquaRite 900 system minimizes maintenance with a cell that lasts 25% longer. HydroRite UVO<sub>3</sub> is an innovative secondary sanitization system that combines UV, ozone and advanced oxidants to create the safest, purest water possible.

**INDUSTRY-LEADING CLEANERS FOR EVERY POOL.**

Take the work out of maintaining a sparkling clean pool with Hayward's wide range of automatic cleaners, including our new TriVac 700—the only pressure cleaner on the market that skims the water's surface. The AquaNaut 450 features 4-wheel drive for unmatched mobility, while all Hayward Expert Line suction cleaners use V-Flex technology to virtually eliminate clogging.
