HAYWARD INDUSTRIES, INC. EXPERT LINE ADVERTISING POLICY
Effective Date: January 1, 2023

This Hayward Industries, Inc. Expert Line Advertising Policy (“Expert Line Advertising Policy”) is issued by Hayward Industries, Inc. (“Hayward”) and applies to resellers who advertise or sell Hayward-branded Expert Line Products (“Expert Line Products”) in Canada. This Expert Line Advertising Policy supplements, and does not replace, any then-current Agreement between you and Hayward. By advertising Expert Line Products to customers, you (“Reseller”) agree to adhere to the following terms and conditions. Hayward may review Reseller’s activities for compliance with this Expert Line Advertising Policy, and Reseller agrees to cooperate with any such investigation.

1. **No Online Sales.** This Expert Line Advertising Policy establishes the terms and conditions upon which a Reseller will be permitted to advertise Expert Line Products online. Expert Line Products may NOT be sold online to any customer. This Expert Line Advertising Policy permits only the advertisement of Expert Line Products online, subject to the terms and conditions set forth herein.

2. **Advertising Expert Line Products Online.** Reseller is permitted to advertise Expert Line Products online to customers with features and benefits only. For purposes of this Expert Line Advertising Policy, features and benefits are permissible to generate sales leads by promoting corporate awareness rather than facilitating online transactions. The primary function is similar to that of a brochure in that it provides information about the Expert Line Products and contact information about how to proceed with a purchase through an in-person transaction, such as a retail store purchase, on-site service appointment, or new pool project installation.

(a) **Permitted Information.** Examples of information relating to Expert Line Products that Reseller is permitted to advertise on a Website includes information contained in Hayward’s Buyer’s Guide or [Hayward Canada's Website](#), such as product image, product name, product description, product features and benefits, product diagrams, and product marketing content.

(b) **Prohibited Information.** Notwithstanding anything to the contrary in this Expert Line Advertising Policy, Reseller may NOT (i) advertise manufacturer part number or price on any website of any kind; (ii) advertise any purchase option such as “call or click for price, quote, availability or purchase”, “price available upon request”, “buy online, pickup in store”, or “add to cart”; or (iii) use any Expert Line Product image in a manner that is misleading to a customer as determined by Hayward in its sole discretion.

3. **Transactional Website Not Permitted.** Notwithstanding anything to the contrary in this Expert Line Advertising Policy, Reseller may NOT sell Expert Line Products online on a Transactional Website. For purposes of this Expert Line Advertising Policy, a Transactional Website is defined as an electronic storefront for a brick-and-mortar reseller, a catalog business, or an e-Commerce website or marketplace that sells directly to the public. Transactional Websites include websites which are either hosted or on premise that (i) conduct full end-to-end transactions via a website; (ii) enable a customer to search for, order, and pay for products online; or (iii) allow a customer to contact the Reseller for after-sales service. Websites with an “add to cart” feature or link anywhere on the website are considered Transactional Websites.

(a) **Third Party Online Marketplaces, Auction Sites, and Catalogs Not Permitted.** Notwithstanding anything to the contrary in this Expert Line Advertising Policy, Reseller may NOT sell Expert Line Products online on a Third Party Online Marketplace or

Auction Site or in national or regional Catalogs. For purposes of this Expert Line Advertising Policy, a Third Party Online Marketplace or Auction Site is defined as a hosted platform that brings buyers and sellers together to facilitate transactions. Examples of Third Party Online Marketplaces or Auction Sites include, but are not limited to, Amazon.ca, Walmart.ca, eBay, Target.com, Google Shopping, Facebook, Alibaba, Jet, or Buy.com.

4. **Open Line Products.** Reseller is permitted to advertise and sell Hayward-branded Open Line Products, including W3 SKUs, White Goods, Accessories, and Replacement Parts (collectively, “Open Line Products”) to any customer on any Transactional Website, Third Party Online Marketplace or Auction Site, or national or regional Catalog. A Hayward Online Reseller may only advertise and sell Open Line Products utilizing the specific URL(s). Hayward has the right, in its sole and absolute discretion, to terminate any dealer from promotional, rebate or discount program and/or to revoke Totally Hayward status and any past, current or future rebates and allowances provided by Hayward at any time and for any reason. Notwithstanding anything to the contrary in this Expert Line Advertising Policy, Reseller is NOT permitted to sell, substitute, or otherwise transact Expert Line Products online or in catalogs.

5. **Minimum Advertised Price (“MAP”) Policy.** Before a Reseller advertises any Hayward-branded products, Reseller must review the current version of Hayward Industries, Inc.’s Minimum Advertised Price (“MAP”) Policy, which is available at: haywardpool.ca/mappolicy.

6. **Conflicts.** This Expert Line Advertising Policy shall control over any conflict found in any other agreement between the Parties relating to the Reseller’s advertising or sale of Expert Line or Open Line Products.
